

## Mouse Anti-C9 Tag Monoclonal Antibody

CATALOG NUMBER: MA-C09-0100, 100 µg

<b>Applications</b>	Western blot, ELISA, IP, FACS, IF.
<b>Description</b>	Mouse anti-C9 tag monoclonal antibody.
<b>Immunogen</b>	Immunized with a mixture of SARS-CoV S1-C9 and C9 peptide, and screened by C9 peptide (TETSQVAPA).
<b>Specificity</b>	Reacts with proteins which contain C9 sequence.
<b>Purification</b>	Protein G/A immunoaffinity chromatography.
<b>Isotype</b>	Mouse IgG1.
<b>Storage</b>	4 °C for short term (for long-term storage, keep at -20°C or -70°C). Non-hazardous.
<b>Concentration</b>	1 µg/µl.

**WB:** C9-tagged recombinant protein in transfected HEK293 whole cell lysate.
